

- Two fast-charging electric vehicle (EV) stations are being installed in the District of 100 Mile House in December. Additional Level 2 charging stations are planned through the Charge North program. District staff are working to capitalize on using this opportunity to bring EV tourism into the area. There are also charging stations up and running in Clinton and 70 Mile House.

Opportunities of Note:

- Shop local this holiday season to support our local businesses and keep your dollars in your community. Visit www.love100milehouse.com for a growing list of the businesses in the area.
- Contractors are reminded to watch BC Bid for local contracting opportunities. Some recent local contracts have not had any bids. Visit: www.bcbid.gov.bc.ca
- Businesses looking to hire consultants to help sustain their business during the economic downturn in the forestry industry are encouraged to apply for Northern Development Initiative Trust's Forestry Affected Business Consulting Rebate program. Learn more about the program: www.northerndevelopment.bc.ca/funding-programs/business-development/forestry-affected-business-consulting-rebate/
- Want to put your business on the map? Contact the Cariboo Chilcotin Coast Tourism Association for support developing your Google listing. They also provide a variety of other supports and programs for tourism-related businesses. Visit: <http://industry.landwithoutlimits.com/services/>
