SECTION 1.0 ADMINISTRATION

1.1 Title

1.1.1 This Bylaw will be referred to as the District of 100 Mile House Zoning Bylaw No. 1466, 2026.

1.2 Purpose

1.2.1 The purpose of this Bylaw is to provide a clear and efficient system of land use regulation for the orderly, economic, beneficial, equitable and environmentally sensitive use, development, and redevelopment in the District of 100 Mile House, having regard for the provisions of the 100 Mile House Official Community Plan Bylaw No. 1465, 2026.

1.2.2 The District of 100 Mile House Zoning Bylaw No. 1466, 2026. contains regulations of general application and has been divided into zoning districts with regulations with respect to:

- a) the use of land, surface of water, buildings and structures;
- b) the density of the use of land, buildings and structures;
- c) the siting, size and dimensions of:
 - d) buildings and structures; and
 - e) uses that are permitted on the land;
- f) the location of uses on the land and within buildings and other structures;
- g) the shape, dimensions and area, including the establishment of maximum and minimum sizes of all parcels of land that may be created by subdivision;
- h) the provision of off-street parking and loading spaces;
- i) the provision of screening or landscaping; and
- j) floodplain management.

1.3 Effective Date

1.3.1 This Bylaw will come into effect on the date of adoption by Council of the District of 100 Mile House.

1.4 Repeal

1.4.1 District of 100 Mile House Zoning Bylaw No. 1290, 2016, and all subsequent amendments are hereby repealed.

1.5 Applications in Progress

- 1.5.1 A completed application for a building permit or subdivision, which is received prior to the effective date of this Bylaw must be processed in accordance with the *Local Government Act*.

1.6 Severability

- 1.6.1 If any Section, subsection, sentence, clause, or phrase of this Bylaw is for any reason held to be invalid by the decision of any Court of competent jurisdiction, the invalid portion must be severed and the decision that is invalid must not affect the validity of the remainder.

1.7 Compliance with Other Legislation

- 1.7.1 In addition to this Bylaw, a person is responsible for ascertaining and complying with the requirements of any other applicable District bylaws, or Provincial or Federal statutes and regulations.
- 1.7.2 Applicants are advised to check the current certificate of title and the *Agricultural Land Commission Act*, and its Regulations, to confirm the requirements for approvals under that Act.
- 1.7.3 The provisions of the development permit guidelines included within the District of 100 Mile House Official Community Plan apply in addition to the regulations in this Bylaw.
- 1.7.4 Where reference is made to other legislation, this means the legislation as may be amended from time to time.

1.8 Zoning Maps

- 1.8.1 The District of 100 Mile House is divided into land use zones as described in 1.2.2.
- 1.8.2 The boundaries of those zones and areas, together with all explanations written on or appended, are shown on Schedule 2 (Zoning Bylaw Map – District Wide and Main Community Inset) to this Bylaw.

1.9 Non-conforming Parcels

- 1.9.1 Parcels created prior to the adoption of this Bylaw, regardless of area or dimensions, may be used for any of the permitted uses of the designation in which they fall, subject to the limitations contained therein and provided the

method by which sewage is disposed is satisfactory to the Medical Health Officer or recognized authority.

1.9.2 Where a lot is reduced in size as a result of taking for public use by the District, Provincial or Federal Government, the Board of School Trustees, or a Public Utility by dedication, expropriation, or purchase, the lot and buildings and structures thereon are deemed to conform with the provisions of this Bylaw and the lot must be considered to exist as it did prior to the taking for the purpose of further development upon the lot under its existing zoning regulations, provided such taking:

- a) is satisfactory to the Medical Health Officer or recognized authority with respect to onsite sewage disposal;
- b) does not reduce a minimum front, side or rear yard below 1.5 metres unless this Bylaw does not require such yard;
- c) the utility installation does not endanger the continuing use of the property as permitted by this Bylaw; and
- d) does not result in the parcel being rendered unsuitable for any of the uses permitted in the zone in which the lot is located.

1.10 Non-conforming Uses

1.10.1 A lawful use of premises existing at the time of adoption of this Bylaw, although such use does not conform to the provisions of this Bylaw, may be continued, subject to the provisions of the *Local Government Act* and where applicable, the *Agricultural Land Commission Act* respecting non-conforming uses.

1.11 Administration of Bylaw

1.11.1 The Administrator, Planner, Bylaw Enforcement Officer, Building Inspector or any other person appointed by Council are hereby authorized to administer this Bylaw.

1.12 Public Hearing

1.12.1 Unless waived or prohibited in accordance with Section 464 (2) (3), (4) of the *Local Government Act*, a public hearing must be held for any amendment to this Bylaw

SECTION 2.0 BYLAW ENFORCEMENT

2.1 Appointment of Enforcement Officers

2.1.1 The Planner, Bylaw Enforcement Officer, and Building Inspector are appointed by the District Council as Enforcement Officers and are hereby authorized, when the District's office is open during regular business hours, to enter on any property that is subject to regulation under this Bylaw, to ascertain whether the regulations or directions under this Bylaw are being observed.

2.2 Violation

2.2.1 Every person who:

- a) contravenes any provision of this Bylaw;
- b) causes or permits any act or thing to be done in contravention of any of the provisions of this Bylaw;
- c) neglects or omits to do anything required under this Bylaw;
- d) carries out, causes or permits to be carried out any development in a manner prohibited by or contrary to any of the provisions of this Bylaw;
- e) fails to comply with an order, direction or notice given under this Bylaw;
or
- f) prevents or obstructs, or attempts to prevent or obstruct, the authorized entry of an Enforcement Officer to enforce this Bylaw on property, will be deemed to have violated the provisions of this Bylaw.

2.3 Notice of Violation

2.3.1 Once an Enforcement Officer has found a violation of this Bylaw, the Enforcement Officer may notify the owner of the property, the person in possession of the land or development or the person responsible for the Bylaw violation or contravention, by either:

- a) delivering, in person or by ordinary mail or fax, a Warning Notice of Violation; or
- b) posting a Warning Notice of Violation in a conspicuous location on the site.

2.3.2 A Warning Notice of Violation must state:

- a) the nature of the violation of this Bylaw;

- b) the scope of the corrective measures required to comply with this Bylaw;
and
- c) the time limit within which such corrective measures must be performed.

2.3.3 Pursuant to the provisions of the *Local Government Act*, the District Council may direct the owner of the property, the person in possession of the land or buildings, or the person responsible for the contravention to comply with the provisions of this Bylaw, by way of an Order.

2.3.4 The District Council may order any person carrying out any development or doing anything in contravention of this Bylaw to:

- a) immediately stop the development or use of the land, building, structure, or sign in whole or in part; or
- b) take such other measures as are specified in the Order so that the development or use of the land or building is in accordance with this Bylaw; and
- c) comply with the provisions of this Bylaw within the time specified by the Order.

2.4 Order

2.4.1 This Order must be delivered by registered mail or be personally served to the person identified in Section 2.3.

2.4.2 Where a person fails or refuses to comply with the Order, the Enforcement Officer must take such action as is necessary to enforce the Order.

2.4.3 Any costs or expenses incurred by the District in carrying out an Order will be placed on the tax roll as an additional tax against the property concerned, and that amount will be collected in the same manner as taxes on the land.

2.5 Penalties

2.5.1 Any person who contravenes a provision of this bylaw, or who suffers or permits any act or thing to be done in contravention of this bylaw, or who refuses, omits, or neglects to fulfil, observe, carry out or perform any duty or obligation imposed in this bylaw is guilty of an offence and;

- a) on summary conviction is liable to a fine of not less than \$500 and not more than \$10,000.00, and the costs of prosecution;

b) on conviction of a bylaw offence under the District of 100 Mile House Bylaw Notice Enforcement Bylaw No. 1429, 2026, is liable for the penalty imposed under that bylaw; and

2.5.2 Each day during which violation of this bylaw is continued shall be determined to constitute a new and separate offence.

2.5.3 A notice may be placed on the title of the property to identify work has been done without a permit under Section 57 of the *Community Charter*. This notice will be available to the public, including potential purchasers, mortgage lenders and insurance companies.

SECTION 3.0 ADMINISTRATION PROCEDURES

3.1 Development Permits

3.1.1 An owner of land that is designated as a Development Permit Area in the Official Community Plan must obtain and hold a development permit prior to:

- a) constructing, adding to, or altering a building or structure except:
 - i. when alterations or repairs are required to the exterior of the building as a result of water damage;
 - ii. when alteration or repairs are required to the exterior of the building as a result of fire damage resulting in less than 75% of the building’s value above its foundations, as determined by the Building Inspector;
 - iii. when adding to or altering an existing building or other structure, with a total value of less than \$50,000, and that is compatible with the Development Permit Guidelines in the Official Community Plan; and
 - iv. if the building is a temporary building.

SECTION 4.0 INTERPRETATION

4.1 General

- 4.1.1 Words used in the present tense include the other tenses and derivative forms; words used in the singular include the plural and vice versa; and the word “person” includes a corporation, firm, partnership, trust, and other similar entities as well as an individual. Words have the same meaning whether they are capitalized or not.
- 4.1.2 The words “must” and “will” require mandatory compliance except where a variance has been granted pursuant to the *Local Government Act*.
- 4.1.3 Words, phrases, and terms neither defined in this section nor in the *Local Government Act* will be given their usual and customary meaning.

4.2 Zone Boundaries

- 4.2.1 The zone boundaries on the Zoning Maps will be interpreted as follows:
- a) where a zone boundary follows a street, lane, railway, pipeline, power line, utility right-of-way, or easement, it follows the centre line, unless otherwise clearly indicated on the Zoning Maps;
 - b) where a zone boundary is shown as approximately following the District of 100 Mile House boundary, it follows the Municipal boundary;
 - c) where a zone boundary is shown as approximately following the edge, shoreline, or natural boundary of a river, lake, or other water body, it follows the natural boundary;
 - d) where a zone boundary is shown as approximately following a property line, it is interpreted as following the property line;
 - e) where a zone boundary is shown as approximately following a topographic contour line or a top-of-bank line, it follows that line;
 - f) where a zone boundary is shown as being generally parallel to or as an extension of any of the features listed above, it will be so; and
 - g) where in circumstances not covered above, the zone boundary will be determined by the scale of the Zoning Maps.
- 4.2.2 When any street or lane is closed by municipal bylaw or any utility right-of-way or easement is discharged, the said lands have the same zoning as the abutting land. When abutting lands are governed by different zones, the centre of right-of-way or easement is the zone boundary unless the zone

boundary is shown clearly following the edge of the right-of-way or easement. If the right-of-way or easement is consolidated with an adjoining parcel, the parcel's zoning designation applies to affected portions of the right-of-way or easement.

SECTION 5.0 GENERAL REGULATIONS

5.1 Applicability of General Regulations

5.1.1 Except as otherwise specified in this Bylaw, the provisions of Section 5.0 apply to all zones established under this Bylaw.

5.2 Subdivision

5.2.1 All subdivisions must comply with relevant sections of the *Strata Property Act*, *Public Health Act*, *Land Title Act*, *Local Government Act*, *Environmental Management Act*, *Transportation Act*, and the *District's Works and Services Bylaw*.

5.2.2 The approval of a subdivision adjacent to a Controlled Access Highway will require the prior approval of the Provincial Approving Officer under Section 80 of the *Land Title Act*.

5.2.3 All subdivisions must also comply with Other Regulations, including but not limited to:

- a) Applications for subdivision will be reviewed for compliance with the requirements of this Bylaw, the Works and Services Bylaw, and Provincial legislation. Nothing contained in this Bylaw will relieve the owner of a subdivision from the responsibility to seek out and comply with legislation applicable to this undertaking; and
- b) Except where a setback of a building or structure in respect to a highway is concerned, no subdivision will be approved which would cause any existing building or structure, sewage disposal installation or used source of potable water to contravene any Bylaw or other regulation in force.

5.3 Minimum Parcel Size Exceptions

5.3.1 The minimum parcel size for subdivision requirements of this Bylaw do not apply to:

- a) The consolidation of existing parcels or the addition of closed streets to an existing parcel;
- b) The alteration of lot lines between two or more parcels where:
 - i. no additional parcels are created upon completion of the alteration;

- i. the altered lot line does not infringe on the required setbacks for an existing building or structure located on a parcel; and
 - ii. the alteration does not reduce the site area of the parcels involved to a size less than that of the smallest parcel that existed prior to the alteration.
- c) An existing parcel that meets the present minimum parcel size requirements of this Bylaw must not, upon completion of a lot line alteration, have a parcel size less than that required within the respective zoning district.

5.4 Minimum Parcel Width Exception

5.4.1 A panhandle lot may be permitted provided that:

- a) A panhandle lot in a residential zone shall have a minimum width of six metres and should accommodate a safe driveway of not less than 3.5 metres in width;
- b) A panhandle lot in any other zone shall have a minimum width of nine metres and should accommodate a safe driveway of not less than seven metres in width;
- c) The area occupied by a panhandle shall not be included in the lot area used to determine compliance with the minimum area requirements under this bylaw;
- d) The length of the panhandle shall not exceed 40 metres; and
- e) A subdivision is not permitted with more than two abutting panhandle lots; and
- f) Panhandle lots shall not be permitted where the primary or sole access is from a Provincial highway or major collector road as shown on Schedule E: Transportation Network of the Official Community Plan.

5.5 Principal Buildings

5.5.1 No more than one principal building is permitted in the R-1, R-2, R-3, ER-1 and ER-2 zones.

5.5.2 More than one principal building is permitted in the Commercial, Industrial, Public Use & Institutional, and Multi-unit Residential zones subject to the provision of the applicable zoning district.

5.5.3 Principal buildings must be oriented toward and parallel to the fronting street.

5.6 Uses Permitted in all Zones

5.6.1 The following uses are permitted in every zone and are not subject to the minimum parcel area of any zone:

- a) utility uses; and
- b) roads and lanes.

5.6.2 The following uses are permitted in all residential zones:

- a) Residential care of not more than two persons not related by blood or marriage, provided by one person in a household to another, and where a licence under the *Community Care and Assisted Living Act* is not required; and
- b) Residential sales centres, provided that they meet all required setbacks for the applicable zone.

5.7 Prohibited Uses of Land, Buildings and Structures

5.7.1 The use of a motor vehicle, tents, park model trailers or motor home or other recreational vehicles such as trailers or motor homes as residences are prohibited.

5.7.2 Unless otherwise specifically permitted in this Bylaw, no parcel will be used for the wrecking, salvage or storage of more than one derelict vehicle or as a salvage operation.

5.7.3 Unless otherwise specifically permitted in this Bylaw, no parcel will be used for retail cannabis sales.

5.8 Height Exceptions

5.8.1 Any of the following may exceed the height limitations specified for each zone of this Bylaw, and must not occupy greater than 10 percent of the roof area of the building, if applicable:

- a) flag pole;
- b) water tower;
- c) fire and hose tower;

- d) antenna or mast for the transmission or reception of radio and television signals;
- e) chimney;
- f) place of worship spire, belfry;
- g) mechanical appurtenance located on a rooftop;
- h) mast or aerial; or

- 5.9.2 Steps, gutters, eaves, sunlight control devices, cornices, sills, chimneys, bay windows and belt courses may project into required setbacks to a maximum of 0.6 metres measured horizontally;
- 5.9.3 Unenclosed ramps or other structures intended to provide access for physically disabled persons may project fully into required setbacks;
- 5.9.4 In no case may a projection cross a parcel line.
- 5.9.5 Except for a permitted projection as provided for in Section 5.9.1, where a building above the ground level extends closer to a parcel line than the setback at the foundation level, the required setback shall be calculated based on the closest distance to the parcel line along a horizontal plane.

5.10 Accessory Buildings and Structures

- 5.10.1 All accessory buildings or structures attached to a principal building are deemed to be a portion of the principal building.
- 5.10.2 No accessory building or structure may be erected on any parcel unless the principal building to which the accessory building or structure is an ancillary use has been erected or is in the process of being erected.
- 5.10.3 No accessory building or structure may be used as a principal dwelling.
- 5.10.4 An accessory building or structure shall not be located within a required setback.
- 5.10.5 Accessory buildings and structures may only be located in the rear yard or side yard, subject to compliance with all other applicable setback, height, and coverage regulations.

- 5.10.6 A portable building or structure:
- a) Cannot be located in a required setback;
 - b) May only be located in the rear or side yard, subject to compliance with all other applicable setback, height, and coverage regulations;
 - c) Must meet all required setbacks and maximum height for accessory buildings in the applicable zone; and
 - d) Cannot exceed an area of 35 square metres.

5.11 Temporary Buildings and Structures

- 5.11.1 Temporary buildings and structures which are erected for the purpose of providing temporary office space, shelter and accommodation for construction crews or storage of materials for the construction of any public utility or service, or building or structure for which a required building permit has been obtained may be permitted in all zones provided:
- a) An application has been made in writing to the Building Inspector for a permit to erect a temporary building or structure. The application must state clearly the proposed location of the building or structure, the nature and purpose, and the length of time it is intended to maintain the building or structure;
 - b) The proposed temporary building or structure must not constitute or cause a public hazard, nor obstruct unnecessarily and public right-of-way. The Building Inspector may require a bond or other security, equal to the value of removing the temporary structure, to be posted; and
 - c) Within 30 days of the completion of the utility service, building or structure, such temporary building or structure is removed and the site thereof is restored as nearly as possible to its condition prior to the erection of the building or structure.

5.12 Fence Heights

- 5.12.1 The height of a fence, wall or hedge will be measured from the average grade one metre from both sides of the said fence, wall or hedge.

- 5.12.2 In all zones, fences, walls or hedges other than required screening, subject to Section 5.15, must not exceed:
- 1.2 metres in height between the front parcel line and the building or use on the parcel; and
 - 2.0 metres in height elsewhere on the parcel except for agricultural and industrial zones in which the height must not exceed 3.0 metres.
- 5.12.3 Despite the regulations contained in this section, open mesh or chain link type fences may be erected in an agricultural, industrial or institutional/public use zone to a maximum height of 4.0 metres.

5.13 Screening and Landscaping

- 5.13.1 Any part of a parcel not used for storage, building, parking, or loading facilities or outdoor recreation must be landscaped except in the A1, A-2 and A-3 zones.
- 5.13.2 Storage Yards:
- Except in the I-1 and I-2 zones, no storage yard or area shall be permitted in a required front yard; or in any required yard which is across a street from or abutting a parcel in a residential zone; and

- b) Except in the I-1 and I-2 zones, storage yards must be screened with a solid fence or wall 2.4 metres in height, or a compact evergreen hedge not less than 1.5 metres in height.

 - f) no patron may stay within the same dwelling for more than thirty days in a calendar year.

5.19 Short-Term Rentals

- 5.19.1 A short-term rental is permitted as an accessory use within a single detached dwelling, or as a rental of sleeping unit within a dwelling unit, in all zones subject to the following:
- a) must be validly licensed;
 - b) must have one onsite parking space is provided;
 - c) no patron may stay within the same dwelling for more than thirty days in a calendar year; and
 - d) is located in a building with a valid building permit for residential occupancy.

5.20 Secondary Suites

- 5.20.1 A secondary suite, where permitted within this Bylaw, is permitted only as an accessory use within a single detached dwelling.
- 5.20.2 No more than one secondary suite will be permitted in a single detached dwelling.
- 5.20.3 A secondary suite will not be permitted in conjunction with a bed and breakfast use.
- 5.20.4 A secondary suite will not be permitted if a coach house has been constructed on the same parcel.
- 5.20.5 A secondary suite must provide one onsite parking space.

- 5.20.6 No secondary suite shall be permitted without a municipal sanitary sewer connection.
- 5.20.7 The maximum floor area of a secondary suite must not exceed the lesser of 90 square metres or 40% of the total floor area of the single detached dwelling.
- 5.20.8 A secondary suite must comply with all relevant District Bylaws, and the *B.C. Building Code*, as amended from time to time.
- 5.20.9 Strata titling of a secondary suite will not be permitted.

5.21 Coach Houses

- 5.21.1 A coach house may only be permitted in the rear yard or side yard, subject to compliance with all other applicable setback, height, and coverage regulations;
- 5.21.2 A coach house will not be permitted if a secondary suite has been constructed on the same parcel;
- 5.21.3 No coach house shall be permitted without a municipal sanitary sewer connection; and
- 5.21.4 A coach house is permitted as an accessory residential use provided the maximum floor area does not exceed 50% of the floor area of the principal permitted use or 90 square metres, whichever is less.

5.22 Fuel Storage and Distribution

- 5.22.1 All above ground fuel distribution pumps, storage tanks or devices must be located a minimum of 15 metres from any parcel line.

5.23 Keeping of Livestock

- 5.23.1 In this Bylaw, where agriculture is a permitted use, the keeping of livestock is not permitted on any parcel 0.4 hectares or less in area.

5.24 Floodplain Regulations

- 5.24.1 Floodplain regulations are required in accordance with *Provincial Flood Hazard Area Land Use Management Guidelines*.
- 5.24.2 The minimum flood construction level shall be determined on a site-specific basis during the DPA process, using confirmation of site elevation through legal survey.

- 5.24.3 The minimum flood construction level is 3.0 metres above the natural boundary of Bridge Creek or 1.5 metres above the natural boundary of any other watercourse, lake, swamp or pond.
- 5.24.4 No person must construct, reconstruct, move or extend a floor system or pad which supports a habitable area, such that the underside of the floor system or the top of the pad or the ground surface on which it is located, is lower than the flood construction level except as provided in Sections 5.22.5 and 5.22.6.
- 5.24.5 Land within the following is designated as a floodplain setback area:
- a) 15 metres from the natural boundary of Exeter Lake, 100 Mile Marsh, and Mud Lake;
 - b) 30 metres from the natural boundary of Bridge Creek; and
 - c) 15 metres from the natural boundary of Little Bridge Creek and its tributaries.
- 5.24.6 No person shall place any structural support for a habitable area or fill on land within a floodplain setback area.
- 5.24.7 Despite the regulations specified in Sections 5.24.2 and 5.24.3, the following floodplain management regulations apply in the A-1, A-2 and A-3 zones:
- a) Farm dwelling units must be located with the underside of a floor system, or the top of the pad of any habitable area, or the ground surface on which it is located, no lower than 1 metre above the natural ground elevation taken at any point on the perimeter of the building.
 - b) Closed-sided livestock housing or farm buildings used for the storage of pollutants such as fuel, fertilizer, herbicides and pesticides that are not behind standard dykes must be located with the underside of a floor system, or the top of the pad of any habitable area, or the ground surface on which it is located, no lower than 1 metre above the natural ground elevation, taken at any point on the perimeter of the building.
- 5.24.8 The flood construction levels specified in Section 5.22.2 may be achieved by structural elevation of the habitable area, or by placing adequately compacted fill on which any habitable area is to be constructed or located, or by a combination of both structural elevation and fill.
- 5.24.9 Where fill is used to meet the floodplain management regulations specified in Section 5.22 the face of the fill slope must be adequately protected against erosion from flood flows, wave action, ice and other debris hazards.

5.24.10 The following developments and uses are excluded from the requirements of the floodplain management regulations specified in Section 5.23:

- a) renovations to existing buildings or structures that do not involve additions;
- b) additions to buildings or structures that would increase the size of the building or structure by less than 25 percent of the floor area existing at the date of adoption of this Bylaw;
- c) that portion of a building or structure to be used as a carport or garage; and
- d) farm buildings, other than dwelling units.

5.25 Fire Hazard Areas

5.25.1 Where a principal use is proposed on a site with a high or extreme wildfire hazard rating in the District of 100 Mile House Community Wildfire Resiliency Plan, the applicant must provide a wildfire hazard assessment and mitigation strategy prepared by a member of the Association of BC Forest Professionals to ensure the wildfire hazard is mitigated prior to approval of a rezoning bylaw, building permit or subdivision application, as may be applicable.

5.25.2 The District may require a s.219 restrictive covenant to ensure the mitigation measures will be carried out as proposed.

5.26 Ministry of Transportation and Transit Required Setback

5.26.1 Any sign or structure on a parcel adjacent to a Controlled Access Highway must be set back a minimum of 4.5 metres from the edge of the right of way.

5.27 Development Adjacent to Agricultural Land Reserve Designated Parcels

5.27.1 For all new development, a minimum 3-metre wide landscape buffer or berm must be provided between an ALR property and non-ALR property. This buffer must be designed in accordance with the ALC's Guide to Edge Planning and be located outside of the ALR.

SECTION 6.0 OFF-STREET PARKING AND LOADING REQUIREMENTS

6.1 Parking of Vehicles on Residential Zones

- 6.1.1 No commercial vehicle, truck, bus contractor's equipment, dismantled or wrecked automobile, boat, or trailer or any similar vehicle, craft, or equipment shall be parked or stored in any residential zone except that the following may be parked or stored in a rear or side yard:
- a) one commercial truck or vehicle not exceeding 7,000 kilograms rated capacity;
 - b) any derelict vehicle for no more than 30 days in a 60 day period;
 - c) one boat or vessel not exceeding 10 metres in length; and
 - d) one trailer, camper, or motor home not exceeding 10 metres in length.

6.2 Basic Off-Street Parking and Loading Provisions

- 6.2.1 Space for all off-street parking and loading of motor vehicles in respect of a use permitted under this Bylaw must be provided and maintained in accordance with the regulations of this section.
- 6.2.2 Development within 800 metres of an intersection with a controlled access highway falls under the joint jurisdiction of the Ministry of Transportation and Transit and the District of 100 Mile House. Accordingly, such developments must also comply with the requirements of the Ministry pursuant to the *Transportation Act*.
- 6.2.3 The regulations contained in this section do not apply to buildings, structures, and uses existing as of the date of adoption of this Bylaw except:
- a) any alteration or addition to an existing building, structure or use is governed by the *Local Government Act*; and
 - b) the number of off-street parking or loading spaces provided prior to the date of adoption of this Bylaw must not be reduced below the applicable off-street or loading space requirements of this section.
- 6.2.4 The number of required off-street parking and loading spaces must be calculated as follows:
- a) the number of off-street parking spaces required for a building or parcel shall be calculated according to Tables 1, 2 and 3 of this Bylaw;

- b) where the calculation of the required off-street parking spaces or loading spaces results in a fraction, one parking or loading space must be provided in respect of that fraction based on rounding up to the nearest whole number;
- c) where seating accommodation is the basis for a unit of measurement under this section and consists of benches, pews, booths or similar seating arrangements, each one half metre of width of such seating must be deemed to be one seat;
- d) where the number of employees are used to determine the required parking spaces, the calculation must use the maximum number of employees anticipated on the site at any time;
- e) in the case of mixed uses, the total requirements for the off-street parking facility must be the sum of the requirements for the various uses computed separately;
- f) in respect of a use of building or land permitted under this Bylaw which is not specifically referred to in Tables 1, 2 or 3, the number of off-street parking spaces shall be calculated on the basis of the requirements for a similar use of building or land that is listed in Tables 1, 2 or 3;
- g) where off-street parking is required by this Bylaw, and where access for a person with disabilities is required, parking space(s) will be provided in accordance with the *B.C. Building Code*; and
- h) the number of off-street loading spaces for motor vehicles required for a use of building or land shall be calculated according to Table 4 of this Bylaw.

Table 1: Required off-street parking spaces for residential uses

Use	Required Off-Street Spaces

Table 4: Required loading spaces for commercial and industrial uses

Uses	Required Loading Spaces
Commercial and Industrial uses	
Buildings having less than 100 square metres of gross floor area	Not Required
Buildings having more than 100 square metres and less than 500 square metres of gross floor area	1
Buildings having more than 500 square metres and less than 2,500 square metres of gross floor area	2
Buildings having more than 2,500 square metres of gross floor	3
Institutional Uses (excluding Place of Worship and Child Care)	
Buildings having less than 1,000 square metres of gross floor area	Not Required
Buildings having more than 1,000 and less than 2,800 square metres of gross floor area	1
Buildings having 2,800 square metres or more gross floor area	2

6.2.5 Location of Parking and Loading Spaces:

- a) In all residential zones, required off-street parking spaces shall be located on the same parcel as the use or building they serve;
- b) In commercial, industrial and institutional zones, off-street parking spaces may be located on a site within 180 metres of the parcel containing the building or use for which the parking spaces are intended, provided that the owner enters into a covenant with the District of 100 Mile House under Section 219 of the *Land Title Act* restricting the use of the site for parking in conjunction with the parcel containing the building use; and
- c) Required off-street loading spaces must be located on the same parcel as the use or building they serve.

6.2.6 Minimum Parking Facility Dimensions:

- a) Where off-street parking is provided at a 90 degree angle to the manoeuvring aisle, each off-street parking space shall have a width of 2.8 metres and a depth of 6.5 metres;
- b) Where an off-street parking space abuts a wall or barrier more than 0.3 metres in height, the width of the parking space shall be increased by 0.3 metres;
- c) Each manoeuvring aisle shall have minimum width of 3.6 metres for a one way aisle and 6.7 metres for a two way aisle; and
- d) Where angle parking is provided, the off-street parking spaces shall comply with the following dimensions.

Minimum off street parking dimensions

- 6.2.7 Access to Highways:
- a) A minimum width of 6.0 metres is required for vehicular access to a highway for off-street parking and loading purposes;
 - b) Where more than 10 off-street parking spaces are provided, access to a manoeuvring aisle must be provided instead of direct access on to a highway; and
 - c) A Controlled Access Permit is required by the Ministry of Transportation and Transit for any parcel requiring direct access to and from Cariboo Highway 97.

- 6.2.8 Dimensions of Loading Spaces:
- a) Each off-street loading space required by this Bylaw must have a minimum width of 3.7 metres, a minimum length of 9 metres and have a vertical clearance not less than 3.7 metres.

6.2.9 Surfacing of Off-Street Parking and Loading Spaces:

- a) All off-street parking spaces, loading spaces and access aisles on parcels other than those located in the A-1, A-2, A-3 ER-1, ER-2, I-1 and I-2 zones must be surfaced with asphalt, concrete, pavers or, other hard surfacing up to the discretion of the Director of Community Services and must be graded and drained to properly dispose of surface water and result in no erosion of materials to adjacent properties or the public infrastructure.

6.2.10 Delineation and Lighting of Off-Street Parking and Loading Spaces:

- a) Where more than two off-street parking and loading spaces are provided, each space must be clearly delineated by painted lines; and
- b) All off-street parking spaces, loading spaces and access aisles located on parcels other than in the Agricultural, Low Density Residential, P-2 and P-3 zones must be illuminated with lighting conforming to generally accepted engineering standards.

6.3 Accessible Parking Spaces

6.3.1 As part of the off-street parking spaces that are required in Section 6.2 – Table 2, as well as any voluntary establishment of parking facilities in excess of the Bylaw requirements, off-street parking spaces for disabled persons shall be provided in accordance with the following Table of Minimum Required Accessible Parking Spaces.

6.3.2 Accessible parking spaces form part of the total required parking spaces required in Section 6.2.

Table 5: Minimum Required Accessible Parking Spaces

Required Number of Accessible Parking Spaces	Total Number of Parking Spaces Available
Use Type	Residential uses, limited to apartment, assisted living facility (of any type), congregate housing, seniors housing, Commercial, Industrial, and Institutional
1	Under 40
2	40 – 74
3	75 – 124

Required Number of Accessible Parking Spaces	Total Number of Parking Spaces Available
4	125 – 174
Over 175	4 spaces, plus one additional space per 50 required off-street parking spaces or portion thereof

Table 6: Dimensions for Accessible Parking Spaces

Length of Space	Width of Space	Access Space Adjacent to Parking Space	Vertical Clearance
6.5 metres	2.80 metres	1.8 metres	2.75 metres

- 6.3.3 Where the access space is adjacent to another accessible parking space, the access space may be shared between two adjacent accessible parking spaces.
- 6.3.4 A perpendicular pedestrian access route of not less than 2.0 metres shall be provided.
- 6.3.5 The designated accessible parking spaces must:
- a) have a firm, slip resistant and level surface;
 - b) be located close, and be accessible, to an entrance;
 - c) be clearly identified as being solely for the use of persons with disabilities; and
 - d) comply with all other relevant requirements of the British Columbia Building Code.

SECTION 7.0 ESTABLISHMENT OF ZONING DISTRICTS

7.1 Zoning Districts

7.1.1 For the purposes of this Bylaw, the District is divided into the following zones and their abbreviations.

Zoning District Title	Abbreviation
RURAL ZONES	
Agricultural	A-1
Small Holdings	A-2
Resource Area	A-3
LOW DENSITY RESIDENTIAL ZONES	
Residential Low Density	R-1
Special Residential Use	R-1/SR
Residential Duplex	R-2
Residential Small Lot	R-3
Country Residential	ER-1
Horse Lake Road Residential	ER-2
MULTI-UNIT RESIDENTIAL ZONES	
Residential Medium Density	R-4
Residential High Density	R-5
Residential Mobile Home Park	R-6
COMMERCIAL ZONES	
Central Business District Commercial	C-1
Tourist Commercial	C-2
Vehicle Oriented Commercial	C-3
Shopping Centre Commercial	C-4
Horse Lake Road Commercial	C-5
Mixed Use Commercial-Residential Zone	C-6

Zoning District Title	Abbreviation
INDUSTRIAL ZONES	
Light Industrial	I-1
Heavy Industrial	I-2
Airport Industrial	I-3

7.2 Establishment of Comprehensive Development Zones

7.2.1 Comprehensive Development Zones are a tool that the District may use in unique circumstances. The purpose is to provide a zone which will allow for the creation of site-specific land use regulations where the circumstances are such that no standard zone provides sufficient regulation.

7.2.2 Comprehensive Development Zones must meet the follow conditions:

- a) Be based on an existing underlying zone;
- b) Vary use or density; or
- c) Include variances to a high number of the underlying zone's other regulations.

7.3 Zone Boundaries

7.3.1 The boundaries of each area are defined by the maps in Schedule 2.

7.4 Permitted Uses

7.4.1 In each zone created under Section 7.1 of this Bylaw:

- a) The only uses permitted are those listed in respect of each zone under the headings “Principal Permitted Uses” and “Accessory Permitted Uses” in Sections 8.0 to 14.0 of this Bylaw.
- b) Uses not listed in respect of a particular zone are prohibited.

7.5 Conditions of Use

7.5.1 For each zoning district created in Section 7.0 of this Bylaw, the conditions of use are provided in Sections 8.0 to 14.0 of this Bylaw.

SECTION 8.0 RURAL ZONES

8.1 Agricultural Zone (A-1)

8.1.1 Purpose:

The purpose of this zone is to protect lands, which are best suited for agriculture and designated as Agricultural Land Reserve pursuant to the *Agricultural Land Commission Act* and provide for a range of related complimentary uses. All uses within the Agricultural Land Reserve (ALR) must comply with the *Agricultural Land Commission Act (ALCA)* and Regulations.

8.1.2 Principal Permitted Uses, limited to:

- a) agriculture;
- b) community garden;
- c) feedlot;
- d) forestry;
- e) gravel processing;
- f) greenhouse and plant nursery;
- g) kennel;
- h) cannabis production;
- i) natural resource extraction; and
- j) single detached dwelling.

8.1.3 Accessory Permitted Uses, limited to:

- a) accessory buildings and structures;
- b) agri-tourism, accessory to an agricultural use;
- c) bed and breakfast, accessory to a single detached dwelling;
- d) child care – in home;
- e) home occupation;
- f) processing of farm products, accessory to an agricultural use on the parcel;
- g) retail sales, accessory to an agricultural use on the parcel and in accordance with the ALCA and Regulations; and
- h) secondary suite, contained within a residence.

8.1.4 Minimum Parcel Area for Subdivision:

- a) The minimum parcel area for subdivision is 20 hectares, subject to approval from the Agricultural Land Commission.

8.1.5 Minimum Parcel Width:

- a) No minimum parcel width is required.

8.1.6 Minimum Setbacks:

- a) Residential buildings and structures must be setback a minimum of 7.5 metres from any parcel line; and
- b) Farm buildings and structures must be set back in accordance with Tables 5 and 6.

Table 5 - Required setbacks for principal farm buildings & structures

Minimum Required Setback					
	Apiculture	Greenhouse & Plant Nursery	Livestock, Game and Fur, Poultry, Stables, Kennels	Mushroom Growing	Tree, Vine, Field and Forage Crop
From Existing Zones:					
Residential	15 m	15 m for buildings with boilers & exhaust fans, otherwise 7.5 m	60 m	30 m	15 m for buildings with boilers & exhaust fans, otherwise 7.5 m
From Parcel Lines:					
Front & Exterior Side	7.5 m	7.5 m	30 m	15 m	7.5 m
Rear & Interior Side	4.5 m	4.5 m	30 m	4.5 m	4.5 m
Any Parcel Line	n/a	15 m for buildings with boilers & exhaust fans	n/a	15 m for buildings with boilers & exhaust fans	15 m for buildings with boilers & exhaust fans

From Water:					
Domestic Water Supplies	6 m	6 m	30 m	30 m	6 m
Water Courses and Ditches	4.5 m	4.5 m	30 m	15 m	4.5m

Note: For Table 5 “exhaust fans” refers only to fans on an exterior wall which face the parcel line.

Table 6 Required Setbacks for Accessory Farm Buildings & Structures

Type of Facility or Use	Minimum Required Setback from any Parcel Line
Feedlot	60 m
Incinerator	30 m
Silo	30 m
Chemical Storage Structure	15 m when abutting a residential use zone
Generator Shed	15 m
Soilless Medium Storage Structure	7.5 m when abutting a residential use zone
On-Farm Processing Building	7.5 m

8.1.7 Maximum Height:

- a) The maximum height is 15 metres for all principal and accessory buildings and structures; and
- b) Despite Section 8.1.7(a), the maximum height of silos is 34 metres.

8.1.8 Maximum Density:

- a) The maximum density is one principal dwelling and one secondary suite.

8.1.9 Maximum Site Coverage:

- a) 60% of the lot area for green houses; and
- b) 25% of the lot area for all other buildings and structures.

- 8.1.10 Off-Street Parking and Loading:
- a) Off-street parking and loading must be in accordance with the provisions of Section 6.0 of this Bylaw.
- 8.1.11 General Regulations:
- a) General regulations, where applicable, must be followed in accordance with the provisions of Section 5.0 of this Bylaw.
- 8.1.12 Specific Use Regulations:
- a) Buildings and structures for cannabis production as authorized under Federal legislation, must comply with the following:
 - i. Shall be sited not less than:
 - (i) 60 metre setback from any parcel line;
 - (ii) 30 metres from any riparian area or well;
 - (iii) Maximum height of 15m; and
 - (iv) Maximum lot coverage of 35%.
 - ii. Shall be located not less than 200 metres from any area zoned for park, school, commercial, or residential use.

8.2 Small Holdings Zone (A-2)

8.2.1 Purpose:

The purpose of this zone is to provide rural residential parcels outside of urban development areas. All uses within the Agricultural Land Reserve (ALR) must comply with the *Agricultural Land Commission Act* and Regulations.

8.2.2 Principal Permitted Uses, limited to:

- a) agriculture;
- b) kennel; and
- c) single detached dwelling.

8.2.3 Accessory Permitted Uses, limited to:

- a) accessory buildings and structures;
- b) child care – in home;
- c) home occupation; and
- d) secondary suite.

8.2.4 Minimum Parcel Area for Subdivision:

- a) The minimum parcel area for subdivision is 2 hectares.

8.2.5 Minimum Parcel Width:

- a) The minimum parcel width is 50 metres.

8.2.6 Minimum Setbacks:

- a) The principal dwelling must be setback a minimum of 7.5 metres from any parcel line;
- b) Accessory buildings and structures must be setback a minimum of 5.0 metres from any rear or side parcel line, and 7.5 metres from the front parcel line; and
- c) Farm buildings and structures must be setback in accordance with Tables 5 and 6 in Section 8.1.

8.2.7 Maximum Building Height:

- a) The maximum height is 10 metres for the principal building and 15 metres for all other buildings and structures.

- 8.2.8 Maximum Density:
- a) No more than one single detached dwelling is permitted on a parcel.
- 8.2.9 Minimum Floor Area:
- a) The minimum floor area for a single detached dwelling is 85 square metres.
- 8.2.10 Maximum Site Coverage:
- a) The maximum site coverage for all buildings and structures is 15% of the parcel area.
- 8.2.11 Off-Street Parking and Loading:
- a) Off-street parking and loading must be in accordance with the provisions of Section 6.0 of this Bylaw.
- 8.2.12 General Regulations:
- a) General regulations, where applicable, must be followed in accordance with the provisions of Section 5.0 of this Bylaw.
- 8.2.13 Specific Use Regulations:
- a) Agriculture uses exclude intensive agriculture uses as specified in Section 555 of the *Local Government Act*.
 - b) Notwithstanding 8.2.13 (a), Agricultural uses within the ALR may include intensive agriculture.

8.3 Resource Area Zone (A-3)

8.3.1 Purpose:

The purpose of this zone is to protect areas, which are generally Crown lands, or Provincial Forests, for natural resource extraction, forestry, agriculture, and complementary uses suitable in a resource area setting. All uses within the Agricultural Land Reserve (ALR) must comply with the *Agricultural Land Commission Act* and Regulations.

8.3.2 Principal Permitted Uses, limited to:

- a) agriculture;
- b) animal shelter;
- c) cemetery;
- d) community garden;
- e) forestry;
- f) gravel processing;
- g) natural resource extraction; and
- h) single detached dwelling.

8.3.3 Accessory Permitted Uses, limited to:

- a) accessory buildings and structures;
- b) agri-tourism, accessory to an agricultural use;
- c) home occupation; and
- d) secondary suite.

8.3.4 Minimum Parcel Area:

- a) The minimum parcel area is 65 hectares.

8.3.5 Minimum Parcel Width:

- a) No minimum parcel width is required.

8.3.6 Minimum Setbacks:

- a) The minimum setback for all buildings or structures is 7.5 metres from any parcel line; and
- b) Farm buildings and structures must be setback in accordance with Tables 5 and 6 in Section 8.1.

- 8.3.7 Maximum Height:
- a) The maximum height is 15 metres for all buildings and structures.
- 8.3.8 Maximum Density:
- a) No more than one single detached dwelling is permitted on a parcel.
- 8.3.9 Maximum Site Coverage:
- a) 10% for all buildings and structures except agricultural uses;
 - b) 25% for buildings and structures used for agricultural purposes except greenhouses and plant nurseries; and
